

Light Duty

Multi-Purpose

The reference for tactility, dexterity and flexibility

- Almost a second skin, this very thin glove offers outstanding dexterity, fit and sensitivity for the most delicate handling
- 18-gauge knitting technology allows this glove to be ultra-thin yet tough
- Designed for a wide range of lightweight applications in dry or slightly oily environments, it is ideal for workers who need a higher level of fit, touch and precision than that offered by their current gloves
- In addition, the 11-618 and 11-616 dark liners are well-suited for environments that present a certain degree of dirt
- The white color is ideal for clean environments/dirt sensitive applications

Industries

- Automotive & Transportation
- Building & Construction
- Machinery & Equipment
- Maintenance
- Metal Fabrication

Applications

- Cosmetics/ plastics (also packaging stage)
- Finishing works
- Picking and fitting small pieces (bearings, springs...)
- Final assembly, airco, electrical engines, wire harness assembly, adjusters work
- Light assembly applications requiring a high degree of precision
- White goods and electrical goods

Performance Profile

- Ansell's thinnest glove for most delicate handling
- Light duty 18 gauge liner offers outstanding tactility and dexterity
- Extra-thin 0.8mm polyurethane coating provides high dexterity with high abrasion resistance
- Dark liner and glove mask dirt and reduce glove waste

Performance Standards

HyFlex 11-616

HyFlex 11-618
