

Cut

Medium Duty

Dexterity with superb cut resistance for optimal productivity

The HyFlex[®] 11-627 delivers perfect balance of comfort and sure handling with superior cut resistance

The liners have an innovative yarn structure that contains an optimal rate of Dyneema[®]. This offers high levels of cut resistance

For a safe use in controlling, handling and assembly applications involving contacts with sharp pieces

The Lycra[®] in the liners of these gloves, as well as the polyurethane coating, provides excellent flexibility and fit

Designed for use in dry, as well as slightly oily environments

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

Applications

- Handling parts with sharp, rough edges
- Handling rough machined metal parts
- Assembly & inspection of components
- Press injection molding
- Picking, fastening components
- Assembling and mounting components
- Handling materials with sharp or rough edges
- Cutting glasses, sheets, panels

HyFlex®

ADVANCED MECHANICAL PROTECTION

11-627

Palm Dipped Medium Duty, Dyneema™ Cut Resistant Gloves

Key Features

- The special formulation of the polyurethane coating gives the gloves flexibility and fit, as well as a secure grip on dry to slightly oily pieces for sure handling in a wide range of environments
- Unique combination of Dyneema®, Nylon, Lycra®, and glass fiber
- Ultra strong fibers provide extreme resistance to cuts and burrs
- Also available in vend pack
